ENDUROSHIELD CHANGES

03/24/2022

TO: All Shower Door Dealers

RE: EnduroShield Warranty Activation Code & Maintenance Flyer

FROM: Crissi Merkel

In order to keep more accurate records of application, effective April 1, 2022, the EnduroShield Warranty Activation Code will be located on your shower door's green packing slip.

Please share this code with your customer so they can register their warranty at www.enduroshield.com

The attached flyer has been designed for your use and is available on the Dealer Portal on our website with a brief product description, care & maintenance and registration information, including a spot for the activation code.

Wisconsin Shower Door

ENDUROSHIELD PROTECTED GLASS...

- Makes cleaning a breeze - A regular wipe over with a microfiber cloth is all it takes, no more scrubbing
- Superior protection - Against the corrosive effects of soap scum, dirt, grime, lime scale, salt, chemicals and hard water
- Reduces cleaning time - by up to 90%
- Stays cleaner for longer
- Backed by a 10 year performance warranty with the professional application

CARE & MAINTENANCE

For best results simply drying the glass with a squeegee or towel after each use will help keep the glass clean and reduce mineral spots forming. The glass needs to be cleaned once a week weeks using a damp microfiber cloth and a mild detergent to break down soaps, oils, and conditioners on the glass.

CAUTION: Prohibited Products

Be careful not to use any rough, gritty, abrasive, highly acidic or alkaline cleaners as they may damage the protective coating. This includes products such as Comet (powder), Ajax, or cerium oxide which damage or polish back the actual substrate.

Register your warranty using the activation code below and view full Care & Cleaning Instructions on the website at:

www.enduroshield.com
